ASSA® *Desmo***

# **Corporate Statement**

ASSA ABLOY is the world leader in door opening solutions, dedicated to satisfying end-user needs for security, safety and convenience.

# Corporate Profile

Abloy Security has been satisfying security needs for customers in Transportation, Public Utilities, U.S. Government, Casino Gaming, Vending, Parking Meters, OEM, Locker and Payphone markets. Abloy Security provides a full range of locking product solutions designed to satisfy customers' most demanding applications.

# The Key is Strength

This extra heavy duty key is among the strongest in the gaming industry. So strong, in fact that it is backed by a **Lifetime Functional Warranty**.

- Patent key control, eliminates unauthorized key duplication.
- Constructed of solid nickel silver gives a high level of resistance to bending breakage and wear. Exceptional key endurance delivers long-term ease of use.
- Large key bow allows room for easy grip and identification stamping.

# Security by Design

- Precision Drive™ Pin System, resists picking, torque and any other forms of surreptitious entry.
- Double locking bar system provides twice the physical security of other locks.
- Precision in design and optimal material provide efficient and durable locking function.
- No pin springs to weaken locking function over time

# Reduce your exposure from days to mere seconds with ASSA® Desmo RC!

- Allows for immediate change of locks without the need for technical personnel, when keys are lost or stolen.
- Protects revenues while saving money on lock inventory, parts and labor.
- Provides flexibility of operations, allowing for the varied needs of your locking system – move equipment quickly between lock zones, minimizing down-time.
