

# ABLOY the latest innovation in safe locks

## Introduction

Abloy's latest innovation in safe locks has the unique capability to be customer configurable.

The new safe lock from Abloy will be IP upgradeable for online access and has the option to include fob only access, thereby negating the need for staff to remember codes. The ability to audit fob access increases security and traceability, so you can see who has accessed which safe and when.

The lock from Abloy will come with the standard footprint so you can retrofit to current safes.

## Features and Benefits

- Audit 1,000 events - downloaded to ibutton
- Software - user friendly and enables lock set up via pc rather than through keypad
- Single or dual opening modes - you can choose whether one or two people need to be present to open the lock.
- Up to 45 users in dual mode, 80 users in single mode
- Dual programming mode - enhances security for lock administration
- Courier Code - allows the time lock to be bypassed for Cash in Transit
- Engineering Code - allows time lock interruption if programmed in advance
- Audit code - cannot be used to open the lock, can be used for auditing purposes only

# ABLOY not only protects Safes it also secures ATM's

## Time

- Time delay 1 - 60 minutes
- Programmable Holiday periods: 1 - 14 days
- Time Lock function
- Programmable opening periods
- Short close 1-99 minutes - allows locks to be closed for short periods during normal opening hours.
- Immediate time lock - the lock will not open until the next authorised opening period - locks do not need to be reprogrammed if access changes daily, reducing engineer visits therefore reducing costs.

## Specifications

- Battery powered - approximately 2 years or 5,000 openings
- Alarm interface
- Duress - silent alarm is set off at the monitoring station if duress is sensed
- Door sensor 1-15 minutes - an audible alarm will sound if the door or lock is left open, forcing staff to close the lock every time.

ABLOY secures people, property, and business operations on land, at sea, and in the air – in all circumstances.

ASSA ABLOY is the global leader in door opening solutions, dedicated to satisfying end-user needs for security, safety and convenience.
